Birthdate: 19-11-1996

Nationality: Dutch

Driving License: AM, B

#### Languages:

- Dutch, mother tongue
- English, advanced
- German, basic

## INTRODCUTION

I am a third-year student who works hard to obtain my bachelor's degree. I am interested in IT and everything that has to do with computers. I also like special projects to deviate from the "normal" curriculum.

## EDUCATION

### Honours Talent Programme | Hanze University of Applied Sciences, Groningen (NL)

SEPTEMBER 2018 – PRESENT

- Develop in six competences: curiosity & initiative, social citizenship, contextual intelligence, innovation & creativity, expression & literacy and strategic thinking
- Develop my own chosen seventh competence, entrepreneurship, through individual projects
- Interdisciplinary course: Event Management and Micro Finance

### Bachelor of Science – HBO-ICT: Business & IT Management | Hanze University of Applied Sciences, Groningen (NL)

SEPTEMBER 2017 – PRESENT

I have earned my propaedeutic diploma.

SEPTEMBER 2009 – MAY 2016

Dutch language, English language, German language, Mathematics A, Computer Science, Economics, Management & Organisation, Sociology, History and General Natural Sciences

## EXPERIENCE

### Community Day committee | Hanze Honours Society, Groningen (NL)

NOVEMBER 2018 – FEBRUARY 2019

Committee that organized the Honours Community Day on February 8, 2019 in Marie Kamphuisborg located on the Zernike campus in Groningen. The committee consisted of five members. There were about 180 attendees. The day consisted of lectures, workshops, a project market and such activities. A very nice challenge that ultimately worked out well. I have learned a lot about organizing an event in general.

### Digi-Coach | Gasunie, Groningen (NL)

AUGUST 2018 – DECEMBER 2018

Secondment next to my studies. I had taken part of the project 'working digital': digitizing work activities within Gasunie. My tasks were: making manuals, offering support through a helpdesk and helping with the rollout of laptops and iPads. This was the first moment where I could use my IT skills.

### Sales Employee | Mediamarkt Sontplein, Groningen (NL)

JULY 2018 – FEBRUARY 2019

Part-time job next to my studies. I was part of the Entertainment and Photo/Video department. Diverse responsibilities including giving customers advice and helping them to choose the right product. I learned how to deal with customers and how to ask the right questions to find out what they want.

### Sales Promotor | Hamilton Bright – JBL, Groningen (NL)

MAY 2018 – AUGUST 2018

Secondment next to my studies. This job mostly took place in the electronics store Mediamarkt. Diverse responsibilities including demonstrating and providing information on promoted products/services, creating a positive image and lead consumers to use it and understanding customer needs and requirements. I have learned how to present a product or service in a positive way. In addition, I learned here how to convince people.

## PROGRAMMING LANGUAGES & TOOLS

## INTERESTS

Although I like working on my computer a lot, I also enjoy cycling with my best friend which I have known my entire life.

Helping someone out is something I always enjoy, because it gives me the opportunity to solve problems and helping other people at the same time. Half of my class asked me for tutoring Mathematics and I was happy to help them out.

I like to further develop my programming skills in my spare time. At the moment I am working with a team on developing a Laravel application for the Honours Community of the Hanze University of Applied Sciences.
